

# West Oak Lane Charter School

## Welcome

Lintons Food Service Management is excited to provide your school community with an engaging café dining experience for the 2020–2021 academic year. We look forward to serving your students, partnering with your community, and being part of the family.

### Chef-Inspired, Student-Tested Meals

Our focus is on nourishing students in a variety of ways. We build healthy minds and bodies by providing nutritious meals that appeal to children and impact their learning potential.

Fresh fruit, no trans fats, whole-grain products, and hormone-free milk are some of the ingredients in our recipes. We are continually perfecting recipes and adding new meals that are not only healthier but also deliver the same great flavor your students expect including ethnic, vegetarian, and restaurant-inspired meal options.

### An APP with a Mission

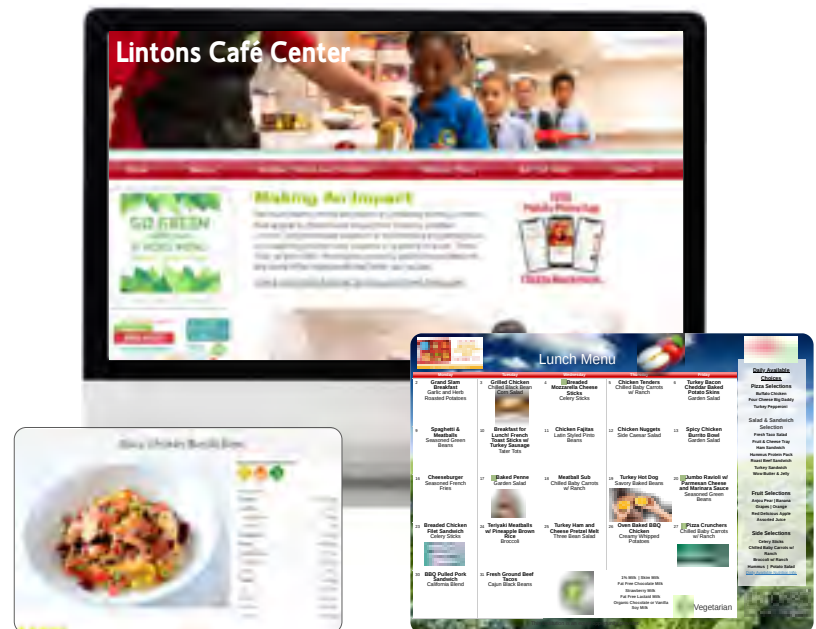

Our on-the-go mobile menu app makes it easy for students and parents to view daily meals, complete with photos, nutrients, allergens, and more.

Web Menus by School Nutrition & Fitness  
By ISITE Software, LLC

Available on the Apple App Store  
and Google Play

### About Lintons Café Center

Lintons has everything you need to know about café dining in one location. Your school's custom website makes viewing menus a breeze. Complete with interactive menus, the site is designed to provide all the information you need for each and every meal. Menus display product descriptions, nutritional and allergen information, carbohydrate reports, and product photos with the click of a mouse. What's more, all menus and nutritional information are available in 90+ languages.
